istration.**

WASHINGTON, April 7.—House
Republicans today cleared the way
for a two day debate on the peace
resolution, beginning tomorrow.
Under the program adopted by the
rules committee, the final vote will
not be cast until after 5 o'clock
Friday.

By a strict party vote, the rules
committee today agreed to permit
no amendment to the resolution be-
ing offered from the floor. Demo-
crats will be permitted to offer
one motion to recommit.

Democrats on the rules commit-
tee declared that they would fight
the resolution on the ground that
its purpose is not within the au-
thority of Congress.

ALLIED COUNCIL TO CONSIDER SITUATION

LONDON, April 7.—The supreme
council will meet in London to-
morrow to consider the German sit-
uation, it was announced today.

Prime Minister Lloyd George of
Great Britain, M. Cambon of
France, Foreign Minister Scialoja
of Italy, Premier Venizelos of
Greece, Baron Chinda of Japan,
General Berthelot of France, Earl
Curzon and Andrew Bonar Law
of Great Britain will attend the
meeting.

Lord Derby returned to Paris
last night. It was understood he
had instructions to maintain an
attitude of "benevolent neutrality"
toward France.

R. R. ADMINISTRATION ASKS APPROPRIATION

WASHINGTON, April 7.—Walker
D. Hines, director of the railroad
administration, today asked the
House appropriation committee for
\$420,000,000 with which to make
payment of the guaranteed standard
rental returns to the railroads until
September 1 next, the final period
for which such returns are guaran-
teed by the government.

J. C. McNABB ASKS \$10,000 IN SUIT

Damages of \$10,000 for assault
and battery are asked in a suit filed
yesterday in Martinez by J. C. Mc-
Nabb of Richmond against Joseph
Zaidel and James Goode. In his
complaint McNabb alleges that
Goode, who is Zaidel's agent, struck,
choked and threw him on the floor
and threatened his life with a ham-
mer in the Santa Fe hotel in Rich-
mond on March 11.

McNabb last week filed suit
against Zaidel seeking damages of
\$5000 for alleged unlawful dispos-
session of the hotel, which he claims
to have had under lease, and restitu-
tion of the property. He alleges
Goode, acting as the agent of Zai-
del, forced him to surrender pos-
session of the hotel two weeks prior
to the expiration of his lease. Dan-
iel Barton is attorney for McNabb.

Jury Recommends Signs Of Warning

At the coroner's inquest last
night it was determined that the
death of Thomas F. Lacey, Founda-
tion Company employee, was due
to shock caused by the current from
a live high voltage wire entering
his hand through a metal tape line
which he held. The jury recom-
mended that all crossarms of poles
bearing high voltage wires should
be painted a bright color and that
signs of warning be placed around
where such wires are located.

ARM DISLOCATED

Joe Hagely, local barber, suf-
fered a dislocation of his left
arm yesterday while working
around his shop. He was taken
to the Cottage hospital, where Dr.
C. R. Blake set the arm. Mr.
Hagely was able to return home
not long after the operation.

CAR CO. HELPS TO BUILD UP RICHMOND

**Harassing a Corporation Un-
duly Is Peanut Politics and
Poor Policy—Two Street
Car Lines in Richmond Are
Run at Absolute Loss—We
Cannot Build Up by Tear-
ing Down.**

That there seems to be a disposi-
tion on the part of quite a number
in Richmond, including officials, to
harass the San Francisco-Oakland
Terminal Railway, is a complaint
that several citizens have made to
The News recently.

These citizens point out that the
street railroad company has had a
big share in developing Richmond
and they say that if a completely
fair investigation is made of the
subject it will appear that the street
railway corporation has not only
done much good for Richmond, but
has done more than really might
have been expected of it. When it
asks something it should not be
blocked in a petty manner, because
it happens to be a corporation.

At great expense the railroad
company has double tracked its sys-
tem through Richmond and for a
good part of the distance outside
the city limits. If the company had
to depend on traffic within the city
limits here the system would not
pay at all, it is claimed, as people
can walk to their homes for the
most part from most anywhere
and so. It is the traffic between
here and Oakland that makes the
haul pay, and the profits from this
haul are cut down by the distance.

It is about fifteen miles from the
Standard Oil Works to Water street
in Oakland. By collecting three
cents the company manages to get
6 cents for about each five miles.
It used to get only 5 cents. If it
could haul all these people just
in Richmond, it would make money,
but the strictly Richmond traffic
is another story.

Few people stop to think that the
San Francisco-Oakland Terminal
Railways—which is the Key System
for short—has two lines in Rich-
mond that are an actual loss every
month and a heavy one. These
are the Sixth street line and the
one to Grand Canyon park and San
Pablo. If the company could shake
itself loose from those two lines
it would be much money in pocket.
If anyone had the monthly loss
from these lines he could build a
mansion and spend his days travel-
ing in Europe. But the company
continues to run them and Rich-
mond benefits and should be thank-
ful.

It is quite a delightful sport for
politicians to harass transportation
companies as vote-getting capital,
and sometimes there are transpor-
tation companies that deserve it,
but it doesn't appear that the Key
System is doing anything but the
best it can for Richmond, and to
rag it unjustly is just that much
injury to our growth.

When President W. R. Alberger
appeared before the council the
other night he told in his cool and
gentlemanly way few things about
conditions that made those present

BAY CITIES MIGHT GAS RATE RAISE

Legal representatives of
Richmond, Oakland, San Fran-
cisco and many other Northern
California cities will appear
before the railroad commis-
sion in Sacramento April 20 to
combat the application of the
Pacific Gas and Electric Com-
pany for authority to increase
gas rates to a point that may
raise the minimum charge to
\$1 per thousand cubic feet.

At a hearing in San Fran-
cisco Tuesday, which was at-
tended by City Attorney D. J.
Hall, Richmond; Leon Gray,
Oakland; Frank B. Cornish,
Berkeley; John Daley, San
Francisco; Archibald Yell of
Sacramento; W. E. Simpson,
Fresno; H. C. Bell, Willows;
H. H. Jones, San Leandro;
Archer Bowden, San Jose; F.
T. Nilon, Nevada City; J. O.
Goldstein, Chico, and R. A.
Leonard of Oroville, as pro-
testants, the P. G. & E. with-
drew its original plea for a
flat rate of 5 cents per thou-
sand and asked the railroad
commission itself to fix a high-
er rate to meet a \$800,000 a
year increase in oil and fuel
cost.

That under this new petition
the P. G. & E. will demand a
flat rate of \$1 per thousand
cubic feet was the opinion of
attorneys who oppose the
raise.

RICHMOND MEN WILL ATTEND S.F. MEETING

Mayor James Long and City At-
torney D. J. Hall will attend the
meeting of the welfare commit-
tee of the board of supervisors of San
Francisco which is being held in
that city this morning for the pur-
pose of discussing the advisability
of passing a daylight saving ordi-
nance similar to the federal law in
force last year. The meeting is open
to the public and the welfare com-
mittee is endeavoring to get an ex-
pression from the people present to
determine, if possible, the attitude
of the public in regard to the pas-
sage of such an ordinance.

The board of supervisors of San
Francisco is trying to get the other
bay cities interested in the move-
ment in order to have similar mea-
sures passed by them also. Accord-
ing to Judge Hall Richmond of-
ficials are greatly interested in the
proposition and it is possible that
action may be taken in regard to
the passage of a daylight saving or-
dinance for this city. At the last
meeting of the welfare committee
the matter was pretty well threshed
out, but so few were present at the
meeting that it was impossible to
form any idea of the stand which
the public would take in regard
to the question, and it is hoped
that this time there will be a large
number in attendance to give ex-
pression to their opinions.

Several representatives from the
bay cities will be present to
discuss the measure from the stand-
points of their respective cities.

who were unbiased feel that the

SAFETY FIRST DRIVE IS NOW ON

**San Francisco, Oakland and
Berkeley Are All Observing
This National Movement,
and Richmond Ought To—
Ten Commandments for Au-
tomobile Drivers Sought to
Be Impressed Upon Every
Mind.**

Inasmuch as all the bay cities,
and pretty much every other city
in America, has taken up the
Safety First drive for the benefit
of the general public, as applied
more particularly to auto drivers,
it will be well for Richmond peo-
ple to also learn a few needed les-
sons along these lines. Inasmuch
as quite a number of our citizens
have been killed and injured who
would be alive today if these rules
and common sense regulations had
been observed. Also, less of our
citizens would fetch up in jail or
have fines to pay.

The National Safety First drive
opened several days ago and will
continue until April 14. San Fran-
cisco is taking up the campaign
with spirit, and so are Oakland
and Berkeley.

Posters urging upon citizens the
duty of avoiding accidents and
obeying the traffic regulations when
driving or walking in the streets
have been displayed throughout
the city. Forty-two societies and
clubs of the bay cities have en-
dorsed the National Safety First
drive.

It is pointed out in the resolu-
tions that traffic is a rapidly grow-
ing factor in industrial develop-
ment, and that the rules or laws
governing traffic should be national
rather than local in character.
"Ten Commandments" for motor-
ists were issued April 1 by D. M.
Watkins, secretary-manager of the
California State Automobile Asso-
ciation. This association is urging
its members and motorists gener-
ally to observe them. "If the motor-
ists will observe these rules," said
Watkins, "accidents will be reduced
to a minimum."

Auto Ten Commandments

They are:
1—Don't cut corners.
2—Don't "cut in" short after
passing a vehicle.

3—Give the proper signal when-
ever your action in starting from
the curb, in turning, in changing
your course or in stopping may
reasonably be said to affect other
traffic.

4—Don't consider driving at
maximum speed within the law—
the legal speed is a safe speed at
all times.

5—Don't turn except at corners
in business districts and closely
built-up sections.

6—Don't pass street cars dis-
charging passengers closer than six
feet or at a greater speed than ten
miles an hour.

7—Don't attempt to pass a ve-
hicle if there is another vehicle ap-
proaching from the opposite direc-
tion unless the road is clear for 100
yards.

8—Don't drive your car out of
the garage without knowing your
brakes and steering gear are right.

A Losing Game

The average man fifty
years of age, didactically be-
gan Professor Pate, "has eaten
16,000 pounds of meat, 17,000
pounds of bread, and 4600
pounds of vegetables, drunk
7000 gallons of liquid."

"And after going to all that
expense and trouble," spoke
up the Old Codger, "he has
been unable to build up a
structure that has anything
like the unqualified endorse-
ment of his friends and neigh-
bors."

M'KALE HEARING SET FOR TOMORROW

The hearing of Frank McKale of
El Cerrito, charged with violation
of the Mann act on the testimony
of Mary McCollum, will be held to-
morrow morning at 10 o'clock in
the court of Justice John Roth. At
that time it is expected that Miss
McCollum will testify before the
court and a decision will be made
in regard to whether or not McKale
will be held for trial in the su-
perior court.

McKale is represented by Pierce
& Carlson. Additional investi-
gation of the case was made Tuesday
night by District Attorney A. B.
Thurston.

Speaker To Discuss Irish Situation

The people of Richmond will have
an unusual opportunity to hear the
Irish question discussed by one thor-
oughly acquainted with conditions
in Ireland when Lieutenant Gordon
of Belfast speaks here Sunday night
at the Wesley Methodist church.

Lieutenant Gordon enlisted in the
British army early in the war as a
private and was subsequently given
a commission. He has been in Ire-
land for some time and the first-
hand knowledge of the Irish prob-
lem which he has to present will be
of interest to everyone.

BURGLAR HELD IN JAIL

Roy E. Yates, arrested in Oakland
and charged with burglarizing the
home of George T. Shuster at El
Cerrito, was held to answer on the
charge to the superior court in
Richmond justice court Tuesday.
His bail was fixed at \$500; in lieu
of which he was remanded to the
county jail.

9—Slow down when you observe
children playing near the curb or
in the street. Remember they have
not the wisdom of an adult.

10—Don't drive with the belief
that the pedestrian is familiar with
rules of the road.

INTERESTS OF BAY CITIES IDENTICAL

**Co-operation and Team Work
Is Needed Around This, the
Greatest Bay in the World
—City of a Million Growing
Up on East Side and Ship-
ping, Industrial and Com-
mercial Interests Interlock-
ing.**

The time has arrived when every
city and locality around San Fran-
cisco bay should come to a realiza-
tion of the fact that in all ocean
shipping matters what benefits one
benefits all. Co-operation and team
work is needed around this, the
greatest bay in the world, more than
anything else, and the quicker it is
arrived at the better. San Fran-
cisco and Oakland are almost the
same as one big city now, with
many thousands of the citizens of
each living in the other, who do business
or work in the other. The ferries
are crowded day and night with
this interchange, and if San Fran-
cisco grows and flourishes it like-
wise benefits Oakland, and vice
versa.

On this side of the bay a vast
city is building up, consisting of
Alameda, Oakland, Berkeley, Al-
bany and Richmond, and it is al-
ready difficult to see where one
leaves off and the other begins—
and this is getting more so every
day. In another few years this
big territory will all be one com-
pact city, though likely still under
separate municipal organizations.

For any one of these cities to be
pulling against the others, as a matter
of fact, for one cannot be hurt unless
all are hurt, and one cannot build up
without helping all the others.

The time has come when San
Francisco's eight miles of water-
front have been developed to such
an extent that if the future com-
merce is to come to San Francisco
bay it must be by a combination
of the interests of all points on the
bay.

There is plenty of room for de-
velopment on the Oakland front,
at Richmond, Alameda and Marin
county points, without working to
the detriment of any locality.

A constructive plan of develop-
ment that will bring each of the
several units into play as they are
required should be arranged at this
time.

San Francisco bay needs its share
of the world's commerce that Cal-
ifornia shall take its rightful place
and the opportunity is to be found
in a full development of the bay.

LOOK INTO FUTURE

In these days when everything in the world seems to have gone topsy-turvy, it is interesting to read some of the prophetic utterances, or dreams, if you please to call them such, of leading men in thought who long since have gone hence and "sleep," unconscious of the volcanic eruption of blood which has been tearing nations to pieces. In this line some of the utterances of Col. R. G. Ingersoll have significance now. For instance, in one of his orations he described the future as many present day writers seem now to feel it will be after the hand of peace again rules a world rejuvenated by war. He said:

"I see a world where thrones have crumbled and where kings are dust. The aristocracy of idleness has perished from the earth."

"I see a world without a slave. Man at last is free. Nature's forces have by science been enslaved. Lightning and light, wind and wave, frost and flame and all the secret, subtle powers of earth and air are the tireless toilers of the human race."

"I see a world at peace, adorned with every form of human art, with music's myriad voices thrilled, while lips are rich with words of truth—a world in which no exile sighs, no prisoner moans; a world on which the gibbet's shadow does not fall; a world where labor reaps its full reward; where work and worth go hand in hand."

OUR FOOLISH RICH

The rich—those people so rich that they measure their money by the tens of millions—learn with surprising slowness. They must know that they are not looked upon in the United States, or elsewhere, with a friendly eye. Yet they want to be conspicuous for the extravagance with which they live, the money they can burn.

A few years ago it was the Bradley-Martin ball, costing upwards of one hundred thousand dollars. Then the Paris dinner given by a son of John W. Wamaker set the country by the ears. Not many years later the Seeley dinner, with the "Little Egypt" trimmings, gave room for gossip and discontent and sermons.

Now the Stoesburys of Philadelphia are at it. Probably you never heard the name before, but the Stoesburys belong to one of our most terribly exclusive sets. They have been giving a series of entertainments that have made Belmont's little feast look like a quick lunch counter at the noon hour.

The old man Stoesbury is not pinched by these extravagances, for he is a partner with J. Pierpont Morgan in many interests and possesses a roll that resembles a bundle of oilcloth.

ABOLISH GREED AND GRAFT

No great and grand future can be a reality until the basic cause of wrong is eliminated, and that basic wrong is the cardinal sins of human greed, selfishness and graft.

Selfishness, Greed and Graft is what is damning the world today. It is what brought about this awful war, and to these things are attributable nearly all the ills that flesh is heir to.

And so it has been since the beginning of time, is now, and perhaps ever will be. Selfishness, Greed and Graft have damned humanity ever since Easu sold his birthright for a mess of pottage; since Judas Iscariot betrayed the Saviour for twelve pieces of silver.

THINKOGRAPHS

Common sense probably will never become as common as the lack of it.

Climbing the ladder is only half the battle; one can't sleep on any of the rounds.

Diplomatic language seems to consist in saying one thing and meaning another.

Some men just swear right out, while others take their hats and go down town.

Neither will the women ever have any monopoly on the matter of talking too much.

While a corset may be a work of art, it doesn't look it while hanging over the back of a chair.

The average woman gets mad now every time she enters a store and asks the price of something.

When it is said of a man that he means well that means that he hasn't enough brains to do well.

No one is going to drag your name down into the mire if you don't voluntarily get close to the mud hole.

The average man who thinks each town should have a dozen newspapers never does much toward supporting one.

You hear a lot about the rush and hustle of a great city, but there are more loafers to the square mile in a great city than anywhere else.

The greatest danger of kissing, however, does not lie in the possibility of furnishing transportation facilities for microbes and such like.

The statutes show that treason is the greatest crime. The next greatest crime is murder. The third greatest crime should be arguing.

Thirty years ago such a subject as the Psychology of Salesmanship was unheard of. Yet a good many store owners managed to make enough sales so they could retire on comfortable fortunes.

While there is life there is hope, but it isn't a very strong hope when the doctors hold a consultation.

Expert geographers have already located the spot where Villa will be captured. It is in the Immediate Future—next hacienda to the Sweet By and By.

Congressmen who support the literacy test craftily sidestep unconstitutionality. No cruel or unusual punishment is proposed—the immigrant will not have to read the Congressional Record.

In America we have life and liberty, the two greatest blessings a nation can bestow, but at the same time a lot of Americans are miserable because they have gone crazy about the dollar.

The "irrepressible conflict" ended in the Civil War, and now we have a twentieth century repetition of the same conflict in the schism that is splitting the Democratic party into two factions, Vice President Marshall has unclenched one platform and William J. Bryan another, and they are as wide apart as the poles. San Francisco will stage an epoch-making political fight, and there are indications that the Chicago convention will be considerably more lively than a Wednesday evening prayer meeting.

Local Man Buys Shoe Business

Warley Bunch, a former employee of the Santa Fe railway, has purchased the shoe business of Charles Walker of Kingsburg and will take charge of the business there at once. Mr. Bunch has had quite a lot of experience in the shoe business, having been a shoe salesman for Dan Eisenberg, local shoe store owner, as well as having had worked at the business with other firms. Mr. Walker, whose interests Bunch has purchased, was formerly associated with the Jones & Adkins store in the capacity of manager before he became the owner of the store at Kingsburg.

NEWSPAPER SHORTAGE FORCING UP PRICES

LOS ANGELES, April 7.—That a crisis exists in the newspaper industry was demonstrated at a joint meeting of the Los Angeles Publishers' Association and representatives of the associated dailies of Southern California, held yesterday at the Los Angeles Athletic Club.

The acute paper shortage and rising labor and production costs were discussed and recommendations were made for reducing consumption of news print.

It was the opinion of all the publishers that a general adjustment in subscriptions was necessary for the preservation of newspaper making in order to counteract in part the increased expenses. To meet this situation, the prices of morning papers after May 1, 1920, will be \$1.05 per month, delivered by carrier, and the single copy price on the streets and on trains, at news stands and hotels after April 20 will be 5 cents for daily issues and 10 cents Sundays.

Splendid Bargains In Richmond Lots

At the bottom of the editorial columns on page two of this paper is an advertisement that everybody ought to read, cut out, and give heed to. This man has about a dozen lots within two short blocks of Macdonald avenue, which he is offering to close out at \$250 each, and would probably give reasonable terms.

If we had the money we would buy every one of them. Those lots sold for from \$300 to \$400 ten years ago, and are worth double today what they were then. Anything, positively anything, within two blocks of Macdonald avenue, from one end of it to the other, is a great big snip at any such price. Business affairs make it necessary that the party realize upon his holdings here. Read the advertisement.

Many Richmondites At Church Meeting

About twenty Richmondites were in attendance at the Interchurch World Conference held in the First Congregational church in Oakland yesterday afternoon and evening. Many interesting topics were taken up at the meeting and the Richmond people were very enthusiastic in their praise of the affair.

Mr. P. M. Sanford of the Presbyterian church here is county financial chairman of the Interchurch World Movement, and Rev. Paul Little of the Wesley Methodist church is chairman of the spiritual resources committee of the county.

BOUND VOLUMES OF THE THINKOGRAPH MAGAZINE

This office has on hand yet about 150 handsomely bound volumes of the Thinkograph magazine, handsomely printed on fine book paper and profusely illustrated. These sell for 50 cents each and as soon as these remaining few are gone they will be entirely out of circulation. They contain some of the best writings of Editor Hulaniski and in magazine form made quite a hit all over America. There are also about 100 copies of stapled volumes, at 25c each. There will never be any more of either of these books, so if you wish to preserve one or more, now is the time. The prices quoted are less than actual cost. —1f

RELIEF FUND DANCE PLANS NEARING COMPLETION

Final arrangements for the big Firemen's Relief Fund ball, which will be held at East Shore park Saturday evening, have been nearly completed by the various committees who have been working hard on the affair for the last two weeks, and the indications are that it will be a fine dance. Nothing has been left undone by the committees that would contribute to the success of the ball.

The relief fund, which is just a year old, has been able to take care of the few men who have been ill or injured during that time.

The officers of the fund are: H. J. Schmidt, president; H. H. Clark, secretary-treasurer; E. H. Bailey, J. H. Smith and F. F. Miner, trustees.

Signs of spring: We got some paint stains and shined up the bungalow on the 24th ranch. May take a bath, also, when it gets some warmer.

Local Laconics Of Richmondites

Dr. W. M. Bullock left yesterday afternoon for a business trip to Kala and Inyo counties. He is to be away all week.

Miss Iva Stanford, who has been confined to the St. Francis hospital, has returned to her home in this city, greatly improved in health.

Fred Storgis has been appointed executor of the will of the late Margaret M. Jones. H. J. Wildgrube is attorney for the executor.

Attorney W. S. Roberson was a business visitor in Oakland yesterday.

Otto R. Ludwig, well known local business man, is once more able to resume his duties after a severe attack of quinsy.

Miss Vina Miller was hostess Tuesday evening at a party in honor of Mrs. Ralph J. Smith of Auberry, Mississippi. Mrs. Smith was formerly Miss Mignon Crain of Richmond. The guests included Misses Florence Garfinkle, Irene Lohrer, Gladys Rouse, Reta Williams, Har-

riet Bagley, Edna Lohrer, Bernice Rouse, Grace Reta, Josephine Fuller, Marjorie Johnson, Vina Miller, Mrs. R. J. Smith and Mrs. Miller.

The series of dances given this season by the Social Assembly will close with a Hawaiian dance to be given at the Richmond clubhouse this evening. A Hawaiian orchestra has been engaged to furnish music and a number of features are being arranged by a committee composed of Mrs. C. A. Green, Mrs. L. W. Schroeder, Mrs. G. S. Paisley and Mrs. A. M. Nelson. A large attendance is expected.

Announcement has just been made of the engagement of Percy Jones and Miss Vera House. The couple will be married some time in June. Both young people are well known in Richmond society circles.

Mr. and Mrs. James Malone, very popular young people of Richmond, are leaving tomorrow for Fresno, where they plan to make their home. Mrs. Malone's brother is already a resident of that city.

VISITING DAY IS PLANNED FOR SCHOOLS

Visiting day for the public schools of Richmond, to take the place of the plan of having an annual exhibit of the work of the schools, will be held some time in May, according to an announcement made yesterday by Superintendent of Schools W. T. Heima. In this way it is believed that the parents of children will have a better opportunity to get acquainted with the teachers and will also be able to see the actual conduct of the classes in which their children may be.

At the time of the visiting day it is planned to have exhibits in the different schools which will show the work done by the children during the year, and by having this divided among different schools it is believed that the parents will find it easier to view the work than if it were placed in one central exhibit.

That the schools of the city may hold their commencement exercises as one body is the belief of Mr. Heima. While the matter has not been definitely settled yet, he states that it is probable that the schools will combine and hold an outdoor commencement program in the vacant lot in the rear of the Elks' building.

Will Hold W.C.T.U. Convention Here

The convention of the state executive board of the Women's Christian Temperance Union in this city is now an assured event, according to Mrs. Clara Wilson, who states that the board has accepted Richmond's invitation to hold the convention here October 18 to 22.

Mrs. Wilson reports that the ratification committee of the different prohibition organizations throughout the state have endorsed the candidacy of Ex-Lieutenant Governor Wallace of this state for United States senator. While the W. C. T. U. does not endorse any candidate, it has endorsed the plan of the ratification committee, thus signifying its approval of the candidate.

The Eldeen Club met at the home of Mrs. C. E. Parker, 161 Second street, yesterday afternoon, and a pleasant social time was spent, after which refreshments were served by the hostess. Those present included Mesdames McNary, Barstow, Humphrey, Mead, Williams and Parker.

Dr. C. E. Camp of San Pablo left for Los Angeles yesterday.

Miss Ieda Osborn presided at the lively meeting of the Junior Richmond Club yesterday afternoon. The main number on the program arranged by the girls was the review of the book, "Martha by the Day," by Julia Likman. The review of the book was very capably written by Miss Doris Lincoln. Several other minor affairs were taken up by the girls.

Judging by the flowers in the window and two pretty women in attendance, the Watson bakery shop has opened up. Mrs. J. B. Osborn is part of the force.

If half we hear is true, no man can beat the woman this time in the school board election. It is generally conceded that the honor should go to the women this time.

One hears next to nothing about the coming school bond election, but there is an undercurrent to the effect that the amount asked for is excessive. As to whether it will carry or not is something no one can guess at this time. People are not talking, and nobody knows what they are thinking.

Somebody burglarized Conductor Joe Snelling's henhouse and got away with a big fat hen. He says, however, that he does not suspect Superintendent Charley Donnelly.

How long is the city council going to allow that disgrace of a street, the northern part of Twenty-third, to make Richmond the laughing stock of everybody who drives over it?

We argued politics with Heady, of the Independent circulation department, last evening, and neither got anywhere. Heady is a real nice man, but in awful bad company.

That new home of M. A. Hays on the Burg tract is going to be one of the nicest in town. Cost, like blazes, though. He got soaked \$92 for one window glass.

Oh, sure, the subway is going to be widened. The senate is going to ratify peace, too, in a few minutes. Likeli.

SUGAR TAKES ANOTHER JUMP

SAN FRANCISCO, April 7.—The California and Hawaiian Sugar refiners today announced an increase of \$1.30 per hundred on refined sugar. This brings the basic price to \$16.30 per cental, which is 70 cents below the figure quoted by other sugar refining companies.

ALAMEDA POLICE GET RAISE

ALAMEDA, April 7.—The pay of the Alameda police was raised last night by the city council, effective May 1. Councilman W. H. Nov left his sick bed to attend the council meeting and vote for the raise of pay.

The new scale of pay is as follows: Police chief, \$250 a month; lieutenants, \$170; detectives, sergeants, \$165; sergeants, \$155; patrolmen, \$140.

CHARGED WITH VAGRANCY

Charged with vagrancy, Dan Cabell, who gave his address as Oakland, was arrested by Patrolman Malinske early yesterday morning when he was found prowling around on Standard avenue.

RICHMOND MAN WEDS PRETTY MARTINEZ GIRL

MARTINEZ, April 7.—A wedding which comes as the culmination of a war romance was disclosed this morning when it was learned that Miss Rowena Peek, daughter of Mr. and Mrs. C. A. Peek, and Roscoe F. Hook of Richmond were wedded in Oakland yesterday. The approaching nuptials were kept secret by the principals. Accompanied by her mother Miss Peek went to Oakland yesterday morning and the ceremony was performed during the afternoon.

The bride met her husband shortly after the outbreak of war when he was stationed at Muli station with the Second California Infantry. The bridegroom is well known here, where he has worked on several occasions. The bride has for a number of years been employed as a clerk in the postoffice. Following a short honeymoon they will make their home in Richmond.

TELEGRAPH

300 men, arrived here today on the army transport Great Northern from Vladivostok. Shortly afterward the transport South Bend arrived with 1600 troops and 119 war brides, this completing the evacuation of American troops from Siberia. General Graves was commander-in-chief of American expeditionary forces in Siberia.

NEW YORK ASSEMBLY WOULD BAR SOCIALISTS

ALBANY, N. Y., April 7.—Two bills, designed to carry out the recommendation of the assembly judiciary committee "for barring the Socialist party of America from participation in politics in New York state," were introduced in the legislature today.

One measure is intended to require the attorney general of the state to begin an action in the appellate division, third department, for a judicial determination of the question whether the "principles, doctrines or policies" of the Socialist party, "if carried into effect would destroy, subvert or endanger the government of the state and nation."

CONNECT LUDENDORFF WITH GERMAN PLOT

BERLIN, April 7.—A great military conspiracy, which was to have been a Bavarian parallel to the recent Berlin revolution, has been discovered in Munich, it was announced today.

Part of the plan was that General Ludendorff be made dictator over Bavaria and Dr. Hepp of the Bavarian separatists a sort of civil and economic dictator.

ALAMEDA TO HAVE MONTHLY JOURNAL

ALAMEDA, April 7.—Alamedans are soon to be put into intimate touch with all activities connected with the city's administration through a municipal monthly to be distributed free to each of the city's 6000 homes.

The publication is to be edited by Luther W. Root, who for three years past has been city editor of an Alameda newspaper. Root will sever his connection with that publication, and devote practically all of his time to the new Municipal Journal.

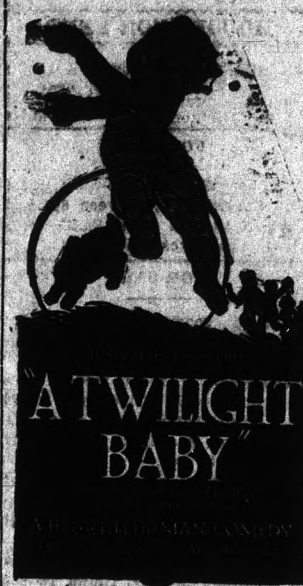

One of the best dances of the season is promised for the 20th of this month, when the Eagles' Drum Corps will give their big prize ball at the W. O. W. hall. The boys in charge of the affair are putting in every available moment to make the "hop" better than anything of the sort ever given here in the past. Extra good union music for the dance will be furnished by Joe's jazz orchestra, one of the cleverest syncopation firms in the city. Tickets for the affair are selling fast and a record crowd is expected.

Two Big Pictures On Double Bill At T & D

Miss Stewart had the part of a little Italian girl who has been brought up in a convent. She never has seen a real baby, yet she loves babies more than anything else in the world.

Two American women come there and she asks them if there are real babies in the world. They tell her that there are lots of them in America, and that some of them are cold and hungry. This touches the heart of Bernice, the Italian girl, and she decides that she will go to America and comfort the cold, hungry babies. So, after a great storm which breaks open the front door of the convent, she escapes and starts.

On the beach she finds boy's clothes. Putting these on she is later found by an American and taken to his hotel. He decides to help such a pretty boy who seems without friends or money. He finds that "he" is a girl, learns of her desire to go to America, and furnishes her with funds to do so.

Along with the film starring Miss Stewart is "The Twilight Baby," a hip-roaring comedy of life on the farm, which abounds in comic situations which will even bring a laugh to one afflicted with so hopeless a malady as the "alcoholic blues." From beginning to end the play keeps the audience in an uproar and, all in all, it is a very creditable production.

Motorists buy Zerolene because it is good lubricating oil; because it makes the car last longer.

More than half the motorists of the Pacific Coast states use Zerolene. Such approval is never an accident; it is given only as a reward to products of highest quality.

There is an advantage to you in the resources, experience, knowledge and equipment of the Standard Oil Company, which combine to make Zerolene. They insure a uniform product of quality. They create an efficiency in the manufacture of fine lubricants hard to duplicate elsewhere in the world.

Our Board of Lubrication Engineers has studied your particular make of car and prescribed the right consistency of Zerolene for its Correct Lubrication. There is a Zerolene Correct Lubrication Chart for each make of car. Get one for your car at your dealer's or our nearest station. Use Zerolene for Correct Lubrication.
